

BRING THE TALENT OF THE FRANKLIN TO YOUR NEXT PROJECT

In terms of creating immersive interactive experiences and dynamic programs, we are leaders in the field. We make complex science fun and accessible to the public.

NOW, OUR STAFF CAN BE YOURS

We embrace the development and design process in the same manner we intend our audience to engage in our programs and exhibits: with a hands-on, minds-on, risk-taking state of mind.

Our exhibits are backed by a solid process of visitor evaluation. Ideas and designs are tested prior to their final launch ensuring that the visitor experience meets educational objects and is meaningful.

CONTACT US FOR:

- Conceptual Planning
- Research and Development
- Prototyping and Evaluation
- Exhibition Design
- Interactive Development and Design
- Media Development
- Program Development and Implementation

WE CAN PROVIDE OUR SERVICES TO YOU IN A NUMBER OF WAYS, FITTING INTO YOUR PROJECT AS NEEDED:

CREATIVE SERVICES FOR A DAY

Got an idea, but little staff time and not much money? Call us. Together we will work out a plan for selected staff members to spend a day with you and your staff at The Franklin to advance your project: from creative brainstorming to an intentional focusing of ideas, to a workable plan.

CREATIVE SERVICES FOR A PROJECT

The staff at The Franklin knows interactive exhibits. We work from concept development to completion and, most importantly, we then live with the exhibits and programs—in our institution and on the road. We will take your project from idea to implementation.

SOMETHING IN BETWEEN

Need help making one part of your interactive exhibition work successfully? Call us. We can work with you just on that one exhibit component. Do you have the exhibit planned out, but don't know about programs or shows? Call us. Working with your existing team, we can create programming components that will knock your socks off.
