Philadelphia is the last stop on the current North American tour of *Tutankhamun and the Golden Age of the Pharaohs*. Presented by Mellon Financial Corporation, the exhibition includes 50 major objects excavated from Tutankhamun's tomb in addition to 70 objects from other royal graves of the 18th dynasty. King Tut provides a unique and fascinating opportunity to gain insight into the everyday lives of our Egyptian ancestors who lived over 3,300 years ago.
